CIRCULAR

Sub.-Mechanism for opening of WIMs for APDRP Works

Procedure for opening of WIMs for works covered under APDRP schemes came up for discussion in Senior officers meeting held on 12th april.04 when it was considered expedient to open WIMs for APDRP. scheme wise, activity/work wise at circle level. Suppose in such a scheme, works involved are 33kv s/s, 33kv line, 11kv line, LT line and replacement of meters then estimates shall be prepared for such works separately for the scheme for circle as a whole for technical sanction. There after, Circle Senior Accounts Officer/Accounts officers shall open WIMs accordingly. The WIM no. shall be circulated among all the unit officers so as to enable them to draw material for execution of works. However, specific orders of circle Superintending Engineer shall be required on the indent before issue of material for such works and total expenditure on such works including issue of material shall be restricted to the extent of available budget provision. Further, say in a circle, there are two APDRP schemes – one for a particular city and second for other than the said city, then the WIMs shall be issued for these two schemes separately in the manner as aforesaid.

(R.G.Gupta) 15/4
Managing Director
