

# **RAJASTHAN RAJYA VIDYUT UTPADAN NIGAM LTD.**

## **Achievement during FY 2017-18 (Upto Dec'17)**

### **Major Achievements during the period** **(from 01.04.2017 to 31.12.2017)**

#### **2 .Generation (RVUN)**

##### **✓ Capacity addition**

- 660 MW capacity Commissioned on 04.04.2017. (Chhabra Supercritical TPP, Unit # 5)

##### **✓ Increase in production of Raw Coal**

- Production of raw coal from Coal Mines “Parsa East and Kanta Basan” increased from 6.209 MMT in FY 15-16 to 8.267 MMT in FY 16-17 and in FY 2017-18 (Upto December, 2017) is 5.923 MMT.

##### **✓ Improvement in Performance, resulting in reduction in losses**

##### **✓ Turnaround –**

RVUN turned around financially with estimated profit of Rs. 378.00 crores (During first half of FY-2017-18) against a profit Rs. 284 crores in FY 2016-17.

- ✓ **Heat Rate** - RVUN power plants heat rate improved by 20 Kcal/kwh i.e. achieved 2498 in FY 18 vs 2518 in FY-17

##### **✓ Disinvestment**

- ✓ MoU with NTPC for Disinvestment of ChhabraTPP through Direct Negotiation Route has been extended upto 10.02.2018. Further action is pending because of fuel related issues.

- ✓ Disinvestment of Kalisindh power project.

Disinvestment process of Kalisindh power project is kept on hold because of issues in approval of transfer of coal linkage from Parsa East & Kanta Basan coal blocks by Coal Ministry.

- ✓ Disinvestment of Giral power project.

A Cabinet Note have been submitted to Principal Secretary, Energy, GoR on 04.01.2018 for according approval of Cabinet of GoR on the terms & conditions of Share Purchase Agreement prior to taking financial bids from all the shortlisted bidders for strategic sale of GLPL.
